[DragonMind] I have a question.

dragonmind254

I was reading through some earlier posts to sort of get the history of this place, you know? And if this is a sore subject, just let me know and I'll understand, but what happened with Colbi? Cobli? I've seen it spelled both ways . . .
I know there was an incident related to Hurricane, but that's just about all I know. You don't have to answer if you don't want to talk about it but I was kinda curious.

Also, I don't remember who it was (AaAaAhHhH I'm sorry, Forumer) but I saw that somebody had something in their siggy that was somehing like #RememberCatshock? Who was Catshock? Again, not trying to start any flame wars. (I just recently learned about the CryingRabbit thing. I did a little bit of research.)

AN IMPORTANT NOTE: I will not be angry with any Forumer who is involved with any of these incidents. All I want is to just know the history that you guys do, simple as that. Thanks!

I've heard of the whole Colbi incident, but I wasn't active. I'd like to learn about it as well.

Okay so Hurricane was/is a forumer who, we were told, died in a car crash. Her sister used her account and told us. Then, later, she said Hurricane was alive, and that her parents had told her to lie about it. There are still some people who don't know what to believe.

So Colbi was a forumer that not many people liked because he was mean to people.

It all started when the GGaD admins said that Colbi would be banned if he didn't report to them due to him being a bit too op. Colbi didn't show, twice. This resulted in a permanent ban (Which I think was way too much) The reason why Colbi didn't respond was that he was on a temporary break. Coming back as banned Colbi, wasn't too happy. He started to be mean. And the more Older forumers (including the admins, I kinda feel like they wouldn't take any new forumers as their admins.) also didn't take this lightly, due to them being very close to each other. They all ascended on him and started to hate him for being mean. Whenever he appeared in a thread, they basically told him to get lost and get out.

Because of this, and the ban to GGaD, Colbi created multiple accounts. And tried to sign up for GGaD, however, the mods for GGaD rejected anyone who writes like him. After many failed attempts for forgiveness, Colbi left.

I've noticed that Colbi only wanted to join GGaD, that was it. And being banned from what he wanted to join he had to leave.

@Andalite- Thank you, however I had just begun to ~~stalk~~ think about joining at around that time so I did see a good fraction of the posts about it. However, it's nice to have it laid out in a way that makes sense, so I thank you for that!

Well... he also had a few, not really offensive jokes. That people got very angry at, mainly because he was the one who just said it. I feel if it was someone else who said it, they wouldn't get in trouble by the other forumers.

Oh, he also was the one who had the idea for the Cyber/Future sect in GGaD.

He also harassed forumers

and said some very..let's just say mean (ugh wish I had a better word for it), things to me.

granted, I was one of the ones that was calling him out for being OP and power playing, which I apologized for,

but his comment..it was reported and deleted like *snaps* that

it was that bad.

i understand if he apologized and tried to develop into not being Op or power playing or unnecessarily violent,

but he made multiple accounts to do the same thing over and over.

We warned him and stuff about the rules and stuff, and I don't know as much on this but I think some of the GGAD peeps tried to help him not be OP or A power player? I don't know.

sighs I should've tried to help him..but I was pretty angry as well, and for that I apologize.

yes, there were things regarding him that we didn't handle as well,

but don't go making him innocent either.
